First Semester Progress Report
Programmable Flight Controller

Brendon Camm   Lucas Doucette   Dylan Humber

November 28, 2016

Abstract

Contents

1 List of Acronyms

2 Objectives and Deliverables

2.1 Short Term Objectives (October 2016 - December 2016)

1) Simulation

The simulations will allow us to gain an understanding of how we will have to design the controller to meet the constraints set by Dr. Rhinelander without the risk of destroying hardware.

3 Background and Significance

4 Proposed Approach and Validation

5 Preliminary Report

6 Work Plan and Milestones

7 Distribution of Tasks

8 Budget
